Male

## Actual Employment

April 2006 - Today

Attending senior degree at University of Florence in Computer Science/Software Engineering with average 30/30

## Professional Experiences

April 2007 - July 2007

Working as developer and designer for the University of Florence in Networks and Telecommunications Lab. (LaRT) in collaboration with Airspot s.r.l. to create a Python/WxPython interface to manage Armor CPU Board running SnapGearLinux through SNMPv3 protocol and HTTP one.

October 2005 - April 2006

Training at Networks and Telecommunications Lab. (LaRT) of University of Florence to develop a project in collaboration with Telecom Italia Lab. (TiLab) in Linux environment. The project aims to create a platform to manage wireless embedded in Mesh-AP Networks.

October 2005 - Today

WebMaster for the "bed and breakfast" EuroHome Signa

October 2006 - Today

WebMaster for "L&S basket TeamNova"

## Instruction and Formation

September 2006

Inserted in the current exam list the course Telematic System, in which I discussed the relation in Italian "Copyleft and opensource software: a legal analysis and a technical deepening" [\[link\]](#), coordinated by Avv. Marina Da Bormida

September 2002 - April 2006

Junior Degree in Software Engineering at University of Florence with the score of 107/110, discussing the thesis in Italian: "Design and Develop of an agent platform for Mesh-AP wireless network". [\[link\]](#) It's been made up the Manager/Agent protocol and a middleware layer XML based. The agent software was planned with use of Design Pattern and developed in C/C++ under Ubuntu Linux. At last the software was released under GNU/GPL license, via tar.gz sources or via deb binary file.

March 2006

Participation to the promoted initiative by Lilik, Laboratory of Free Software of Florence, titled by "Communication and Wireless Security" by Eng. Leonardo Maccari and Pablo Neira Ayuso, netfilter project developer.

October 2005

Participation to the Convention "Net&System Security 2005" in collaboration with cultural computer science association Net&System and the Department of Engineering of the University of Pisa

September 1997 - July 2002

Diploma Liceo Scientifico at the institute "Il Pontormo" in Empoli (FI), section P.N.I. (National Computer Science Plan). Voting 100/100

### Computer science acquaintances

Planning of architecture about Information and Communication Technologies

Knowledge about *best practices* Software Engineering and Design Patterns by using UML standard

Developing object oriented and not; scripting. Language in acquaintance order: C/C++, Java and Python

This document is powered by  $\LaTeX$  : so good  $\LaTeX$  skills

Practical knowledge about Control Versioning System as SVN, Bazaar or GIT.

Strong knowledge about Linux system in particular Ubuntu and Gnome interface or other Debian based.

Practical and active presence in opensource Ubuntu community and confidence with Canonical structure like Lanchpad.

Network management (wireless e wired) in GNU/Linux e Microsoft Windows.

Webmaster for accessible and usability website following W3C standards using Markup language like XML, XHTML, CSS and script in PHP.

Bases of SQL, in particular DBMS MySQL.

Strong knowledge about Free Software philosophy and about the open source software production. Good knowledge about the copyleft licenses and not.

### Lingue

Mother tongue(s)

**Italian**
